

Lodging Options in Gloucester

Below is a list of some of the more affordable hotels in or near Gloucester. It is not exhaustive, but will hopefully help begin your search for your lodging for the August In Gloucester Workshops. We are not able to make recommendations – but are only providing this as a handy means to locate lodging at your budget for the workshops. The first listing, “Cape Ann Marina” is very close to the studio. We have rooms blocked there for any of our attendees. To make a reservation use this code for August 14 – 19 **CMA814** , use this code for August 21 – 26 **CMA821**. August is a very busy month on Cape Ann, as it is one of the most beautiful months to visit. We recommend you secure lodging early. Also, there are many options available through [airbnb](#) and [vibro](#).
